

DIESEL PRO MINI⁺

DOUBLE WALL RELIABLE STORAGE

BUILT WITH SAFETY AND THE ENVIRONMENT IN MIND

Following the North American success of TECALEMIT'S OilPRO and DEFPRO Mini+ , another member of the mini platform is being introduced. Meet the new DieselPRO Mini⁺. This new TECALEMIT turnkey package is an ideal solution for all your smaller diesel needs that require a double wall configuration as well as tighter dimensions. The outer tank is leak-proof, weld free galvanized steel, and rollseamed with an oil and fire-resistant seal. The inner tank is blow-molded, HDPE that is seamless, and also leak-proof.

Save time and resources by going with a solution that provides the best two German components (Pump & Tank) to our industry within a single turnkey bundle.

TECALEMIT W85 HORNET PUMP

DIESEL PUMP

- 100% continuous duty cycle
- Thermal overload protection
- Power: 115v 60hz
- Flow rate: 20-22 gpm at nozzle
- Self Priming
- Max. pressure: 36 PSI
- 24 month limited warranty
- Made in Germany

WHAT IS ALL INCLUDED IN MY PACKAGE?

- Double wall tank
- Tank base
- 2" vent
- Leak detection visual gauge
- Mechanical level gauge
- Diesel pump & stainless steel bracket
- Automatic nozzle
- Turbine meter
- 4FT suction hose
- 13FT dispense hose
- ** Hose reel(s) are optional**
- ** Hose reel base is optional**
- ** Diesel pulse meter is optional **

TANK KEY BENEFITS:

- Leak proof and will not corrode
- Outer Tank holds 110 percent of inner tank for maximum protection
- Up to 50 percent lighter than conventional steel tanks
- Compact footprint, eco design
- Provides maximum storage safety with minimum space requirements.
- Removeable base facilitates access to tight spaces and greater stability.
- Wide handles on each end allow you to transport and handle your tank with ease.
- German made

PUMP KEY BENEFITS:

- True 100% continuous duty cycle
- UL / CSA approvals
- 10K RPM motor=faster priming & strong dispensing side
- German made

DIESEL PRO MINI⁺

TECHNICAL SPECIFICATIONS

BUILT WITH SAFETY AND THE ENVIRONMENT IN MIND

Each tank undergoes thorough testing, including ultra-sound and pressure testing, to ensure optimal thickness and sealing.

- DOUBLE WALL DESIGN**
Uniquely designed tanks are the safest and most reliable double wall set ups on the market.

- SLIM FOOTPRINT**
Slim design makes it more flexible for product placement and overall handling of these packages.

- CLOSED LOOP SYSTEM**
Maintaining product integrity for overall best performance and on road reliability of your vehicles.

- DIESEL PUMP**
This package would not be complete without the Hornet W85 continuous duty cycle diesel pump. Always outperforming the competition.

- WARRANTY**
All Mini⁺ double wall tanks come with a generous 30 year limited warranty.
