## DEF Dispensing Package

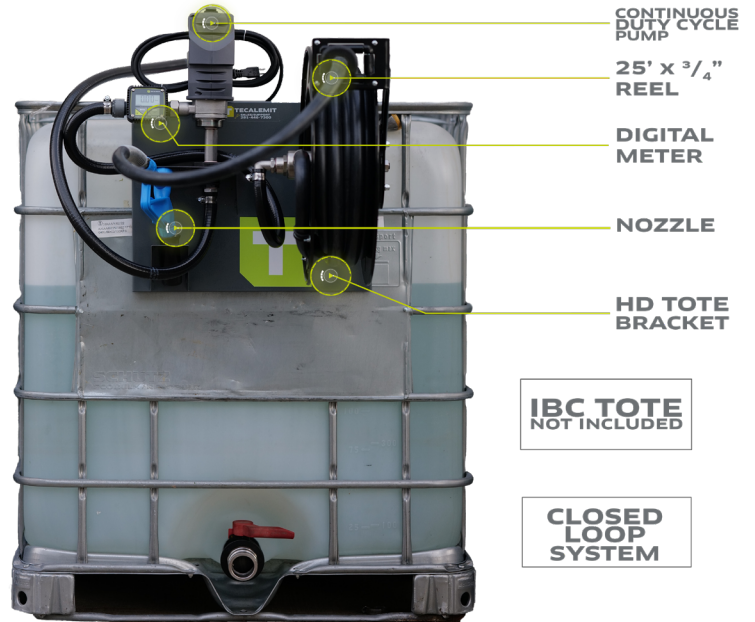

**TURNKEY AND VALUE-DRIVEN SOLUTIONS**

TECALEMIT's DEF dispensing equipment solutions have evolved for the sole purpose of offering better and more efficient user-friendly packages.

Meet the Tote DEFPRO side-mounted IBC dispensing package: A much-needed, ergonomic evolution of the traditional approach at mounting your pump, hose reel, and dispensing nozzle. This new package boasts value from the perspective of ease of set up and a full turnkey solution that is easier to move around and transfer from tote to tote.

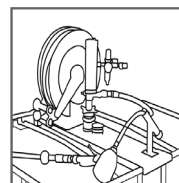

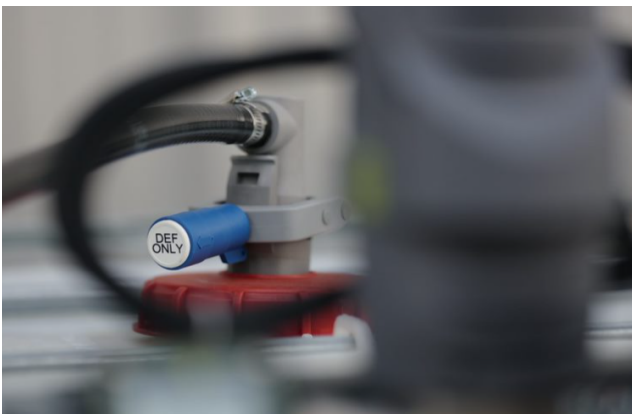

Available in standard configuration with the Hornet W85 DEF continuous duty cycle pump, 25ft x 3/4" hose reel, digital meter, manual nozzle, nozzle holder, and custom tote bracket. The new Tote DEFPRO package is the latest evolution for DEF dispensing from an IBC tote!
