

M1 PRO SYSTEM

DOUBLE-SIDED DISPENSER

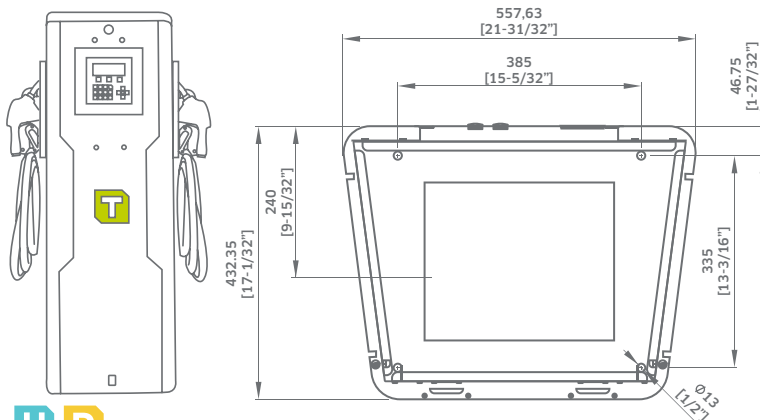

TECALEMIT's M1 Pro System features a pedestal unit with two dispense points, the capability to dispense two mediums (DEF and/or Diesel) at once, and the resources to track and monitor every transaction.

An ideal equipment solution for commercial applications, the M1 Pro System includes TECALEMIT's line of Hornet W85 pumps for DEF and/or Diesel and has a built-in automated Fluid Inventory Management System, the Superbox.

Track, monitor, and record transactions, vehicles, drivers, and more with the M1 Pro System. This turn-key package is the latest in TECALEMIT's line of professional dispensers with the innovation and reliability you've come to expect from TECALEMIT.
